PROFESSIONAL SUMMARY

Electronics and Communication Engineering (IoT) student at Madan Mohan Malaviya University of Technology with hands-on experience in web development and building responsive applications using React.js, Node.js, MongoDB, JavaScript, HTML, CSS, and REST APIs. Interested in full-stack development and creating practical, user-focused software solutions.

TECHNICAL SKILLS

Languages	JavaScript
Frontend	React.js, HTML, CSS
Backend & APIs	Node.js, REST APIs
Database	MongoDB
Tools	Git, GitHub

EDUCATION

B.Tech — Electronics & Communication Engineering (IoT) **2nd Year**
Madan Mohan Malaviya University of Technology (MMMUT)

Class XII 82%

Class X 87.8%

EXPERIENCE

Web Development Intern — Syntecxhub

- Worked on web development tasks and applied frontend development concepts to build user-facing web interfaces.
- Used modern web technologies to support responsive layouts and improve the usability of web pages.

PROJECTS

E-Commerce Website | MERN Stack

- Built a full-stack e-commerce platform using React.js, Node.js, Express.js, and MongoDB.
- Implemented product browsing, category-wise filtering, dynamic product fetching, user authentication, and reusable responsive components.
- Deployed the application for live access and testing.

Tourism Website

- Developed a tourism-focused web application presenting destinations and travel-related information.
- Created an interactive, responsive interface using frontend web technologies.

Weather App

- Built a web-based weather application to display weather information through API-based data presentation.

ACHIEVEMENTS & PARTICIPATION

- Winner in multiple school and college events, including Spectables.
- Certificate of Participation — Online Quiz on Viksit Bharat Young Leaders Dialogue (VBYLD) 2027, conducted on MYBharat by the Ministry of Youth Affairs & Sports.
- Participated in SwiftWings, RoboVerse, and Techsrijan.

SOFT SKILLS

Communication • Leadership • Teamwork • Problem Solving
